

WHAT HAPPENS IF I DON'T PAY MY INSURANCE PREMIUM?

Event insurance

PAYMENT

You must pay the premium before the start date of the event, and always within 14 days of receiving the invoice.

REMINDER

15 days after you have received the invoice, we will send you a reminder. If you have not paid by then, you will receive another reminder a week later.

Have you already paid? Great! Are you unable to pay your premium? In that case please **contact us immediately at [020-225 00 69 / info@norisk.eu]**. We will then work together to see how we can help you, for example with a payment plan.

15 days – 22 days

NO LONGER COVERED

After 29 days, you will receive a final reminder. You then have one more week to pay, after which we call in a collection agency. In that case, you will have to pay extra costs.

If you do not pay the premium on time, your event is not insured. Failure to pay the premium on time does not release you from the obligation to pay the premium.

29 days

COLLECTION

The collection agency makes sure we receive the premium. The agency will charge you extra for this.

If we have not received your premium within 7 days of the final reminder, **we bring in a collection agency**. In that case, you will not only have to pay the premium, but also the extra costs.

BAILIFF

The bailiff will start a process through the courts to force you to pay your premium. You will also have to pay all additional costs.

If you do not pay the collection agency fees as well as your premium, **a bailiff is called in**. The bailiff can put the matter before a court. The court can then force you to pay.
